

Jordan Cattle Auction
Thursday, September 24, 2015

MASON & SAN SABA – Receipts totaled 6942 head for the week. Since last Thursday the future market has been limit down almost three of the last five days due to the strong dollar hurting our exports and also the increase tonnage of beef that has been produced up north with the extremely large 1600-2000 lbs fat cattle that have been hitting the packers the last few weeks creating more beef than the market can bare at the high prices therefore the market has tried to correct itself by lowering the price in order to move the excess tonnage. Hopefully we have reached the bottom of the market and it will begin to stabilize. A choice offering was on hand with the market active and demand good since the board was more neutral today. The stocker steers all sold \$5-\$10 lower and heifers were \$7-\$12 lower. The feeder steers were \$5-\$10 lower and heifers were \$8-\$12 lower. Packer cows and bulls were \$10 lower. Pairs and bred cows and replacement heifers all sold steady.
